

OUR NEW  
**XD NONSTICK**

Swiss Diamond **XD** is our latest, most advanced diamond-reinforced nonstick cookware line. XD is produced using a new coating formulation developed in our lab in Switzerland and an advanced production process pioneered in our manufacturing facility. The result is a significantly tougher cooking surface with even better food release properties.

- Made in Switzerland
- Cook without oil
- Eco-friendly production process
- Oven-safe up to 500° F (260° C).
- Tempered glass lids with adjustable steam vent
- Limited Lifetime Warranty

**THE XD DIFFERENCE**

Swiss Diamond **XD** is the result of many years of research and development. Swiss Diamond XD is a labor of love, produced using a new nonstick diamond-reinforced coating formulation and an advanced production process.

The **XD** Formula

- Swiss Diamond's XD nonstick coating contains 20% more real diamond crystals than our HD coating.
- The coating material is engineered and manufactured exclusively at our facilities in Switzerland.

The **XD** Process

- The new XD nonstick formula is prepared using an advanced mixing system.
- The advanced formula is applied using new proprietary technology.

The **XD** Result

- Swiss Diamond XD features a significantly improved seal between the cooking surface and the aluminum base. This creates a tougher, more corrosion resistant layer for a 40% increase in durability with 40% better food release over our HD coating.

**Fall in love with cooking!**

For centuries, diamonds have been a symbol of everlasting love and commitment. Swiss Diamond began romancing the kitchen nearly two decades ago by pioneering award-winning, PFOA free, diamond reinforced, nonstick cookware. Why? Diamonds are a durable, superior heat conductor and naturally nonstick. Our next generation XD nonstick diamond-reinforced coating has been developed after many years of research. The advanced formula results in significantly improved durability and cooking performance for perfect food release every time.

**About Swiss Diamond**
